

ISA deadline 2019

Already started an application

If you've applied to open an account, but we've requested further documentation from you in order to confirm your identity (id) or bank details, we must receive this by 1 April 2019 so your account can be opened and funded in the current tax year.

New application deadline

Online: – subject to successful id and verification checks and receipt of funds, we will accept all applications that are received by 12.00pm on the 5 April 2019. See funding deadline below.

Post: – subject to successful id and verification checks and receipt of funds, we will accept all applications that are received up to and including the 28 March 2019. See funding deadline below.

Funding deadline

Subject to your ISA application being completed as above and in good order:

Cheque: we must receive your cheque up to and including 29 March 2019.

Debit card: payment must be made by 3.00pm on 29 March 2019.

Electronic: we must receive payment to fund your ISA by 12.00pm on 5 April 2019.

Please note that if id and verification checks are unsuccessful and/or funds have not been received by the deadlines above we will be unable to open a current year ISA for you.

Useful Information

What if I am transferring funds from another account with a different provider?

If you wish to transfer current tax year ISA funds from another provider, you need to submit your request to us 15 working days before our funding deadline of 5 April to make use of this year's ISA allowance. The time taken to complete your ISA transfer will depend on your existing ISA provider. Previous year's subscriptions can be transferred at any time.

What is the current ISA tax year allowance?

For 2018/19 the tax-free ISA allowance is £20,000. For 2019/20, the tax-free ISA allowance will remain the same at £20,000.
