For sole traders and individual partnerships, interest will be paid without tax deducted (gross). If the total amount of interest you receive in any tax year exceeds any Personal Savings Allowance to which you're entitled, you may have tax to pay at the applicable rate. This would need to be paid directly to HMRC. For more information, please visit gov.uk and search for 'Personal Savings Allowance'.

For corporate customers, interest paid will be paid gross.

AER. This stands for Annual Equivalent Rate and illustrates the annual rate of return assuming interest is paid and compounded once each year. We quote the AER on all of our accounts so that you can compare our savings accounts with those of other banks.

GROSS. The interest rate without tax deducted.
